**Component tested**

Category: Cleanroom Facilities

Subcategory: Wall/Celling/Floor/Door

Product name: Ceiling panel THERMATEX Aquatec  
 (manufacturing date: 12/6/2017; article number: 00252988; size: 600 x 600 x 19 mm)

## Random sampling of Particle Emissions (airborne) at representative sites

Standards/Guidelines: ISO 14644-1, -14  
 The norms stated generally refer to the version valid at the time of the tests.

Test devices: Optical particle counter:  
 LasAir II 110 and LasAir III 110 with measuring ranges  $\geq 0.1 \mu\text{m}$ ,  $\geq 0.2 \mu\text{m}$ ,  $\geq 0.3 \mu\text{m}$ ,  $\geq 0.5 \mu\text{m}$ ,  $\geq 1.0 \mu\text{m}$  and  $\geq 5.0 \mu\text{m}$

Test environment parameters:

- Cleanroom Air Cleanliness Class (according to ISO 14644-1):..... ISO 1
- Airflow velocity:.....0.45 m/s
- Airflow pattern:..... vertical laminar flow
- Temperature: .....22 °C  $\pm$  0.5 °C
- Relative humidity: ..... 45 %  $\pm$  5 %

Test procedure parameters:

- Exposure to structure-borne sound: ..... approx. 5-50 Hz
- Average oscillation velocity: ..... v = 1.5204 mm/s
- Average oscillation acceleration ..... a = 0.6038 m/s<sup>2</sup>
- Average system deflection ..... s = 0.0054 mm

## Test result / Classification

When operated under the specified test conditions, the ceiling panel THERMATEX Aquatec is suitable for use in cleanrooms fulfilling the specifications of the following Air Cleanliness Class according to ISO 14644-1:

Test parameter	Air Cleanliness Class
Exposure to structure-borne sound: approx. 5-50 Hz	1
<b>Overall result</b>	<b>1</b>

The measuring devices used for the qualification tests are calibrated at regular intervals; their results can be traced back to national and international standards. In cases where no national standards exist, the test procedure implemented complies with the technical regulations and norms applicable at the time of the test. The relevant documentation can be viewed on request at any time.

Detailed information and parameters of the test environment can be found in the Fraunhofer IPA test report.
