

Fraunhofer

TESTED[®] DEVICE

J. Schmalz GmbH

STGG S 170x105

Report No. SC 1606-831

Particle Emission

Qualification Certificate

This is to certify that the product mentioned above, provided by

J. Schmalz GmbH

Glatten, Germany

has been awarded a Fraunhofer certificate TESTED DEVICE bearing the report number SC 1606-831.

When operated under the specified test conditions, the thin glass gripper STGG S 170x105 is suitable for use in cleanrooms fulfilling the specifications of the following Air Cleanliness Class according to ISO 14644-1:

Test parameter(s)	Air Cleanliness Class
operating pressure = 6 bar (ultra-pure compressed air) evacuation time = 12 s release time = 8 s cycles per minute = 3	5
Overall result	5

The concentration of particles in the handling area of the gripper is directly dependent on the quality of the compressed air and the pneumatic components. Venting of compressed air into the handling area of the gripper must be avoided.

Detailed information and parameters of the test environment can be found in the Fraunhofer IPA test report.

Stuttgart, October 10, 2016

on behalf of 
Frank Bürger, Project manager Fraunhofer IPA

DUPLICATE

The validity of this certificate applies only to the mentioned product in this particular condition for a duration of 5 years.
