

Fraunhofer

TESTED[®] DEVICE

Coroplast
Coroflex Hospital 4000
Report No. CO 1509-784

Antibacterial Activity

Qualification Certificate

This is to certify that the product mentioned above, provided by

Coroplast
Wuppertal, Germany

has been awarded a Fraunhofer certificate TESTED DEVICE bearing the report number CO 1509-784.

When tested using the specified suspension of bacteria, the cable sheathing material Coroflex Hospital 4000 (color: light gray) obtained the following test result according to ISO 22196:

Antibacterial activity	Reduction factor R	Classification
<i>E. coli</i>	>4.2	excellent
<i>S. aureus</i>	>3.7	excellent
Overall result	>3.7	excellent

The classification is based on a worst-case scenario of the two bacterial strains used, *E. coli* and *S. aureus*.

Detailed information and parameters of the test environment can be found in the Fraunhofer IPA test report.

Stuttgart, March 20, 2016

on behalf of 
Frank Bürger, Project manager Fraunhofer IPA

The validity of this certificate applies only to the mentioned product in this particular condition for a duration of 5 years.
